With regards to our phone conversation earlier today, I have put my question in writing for your reply.

**Can a ballot question be certified and ready to place on the November ballot if the same ballot question does not pass at the election held in September? If the ballot question does pass at the September election, then withdraw of the ballot question from the November ballot would be done the day after the September election.**

If you need any further information, please feel free to contact me at the office 248-656-4630.

Thanks, Nance

Nancy,

In response to your fax originally dated March 1, 2007. Election law does not speak to this issue. There may be other laws that may be applicable outside of election law. I would recommend contacting your legal council to explore other applicable Michigan statutes.
