RE: Waster Hauler Information

---

Attached please find a majority of the waste hauler information that was reviewed with City Council in 2003/2004. Also attached are the minutes from the mind mapping exercise in 2006.

I would ask you to please pay particular attention to the City Council minutes and the actual presentation made to City Council on July 21, 2004. You may also find the FAQ interesting. We are continuing to search for additional information, and as we locate it, will make it available to the council.

This is admittedly a difficult topic that requires some significant research and review on your part. If I can be of any assistance, please let me know.

Thank you for your attention as you research this important topic.
