Re: Madison Park Project

Dear Mayor Somerville and Council Members:

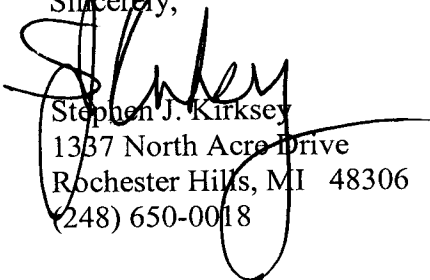

The purpose of my communication is to enthusiastically support the development at Adams and Hamlin Road. I am a 25 year resident of the City of Rochester Hills and have noted with much concern how toxic in its existing state the current site is. It is refreshing to see a developer willing to work with the community in order to clean up the site and also to provide the kind of development that will not adversely impact the community.

The site will bring greater economic development and commerce to the City of Rochester Hills as well as improve the quality of life for the residents in the community.

Please know I endorse this project whole heartedly and commend the Mayor and Council on its continued efforts to work on behalf of the residents of the City.

Thanking you in advance for your consideration of this well thought out development.

Sincerely,

Stephen J. Kirksey
