

CITY OF ROCHESTER HILLS
DEPARTMENT OF PUBLIC SERVICES

September 5, 2006

**PARKING PROHIBITION
EVERETT DRIVE (Section 35)**

Background

The developer for County Club Village of Rochester Hills recently installed private “No Parking, Stopping & Standing - Fire Lane” signs within City of Rochester public road right-of-way for Everett Drive, located east of Nawakwa Road and fronting the renovated subdivision clubhouse (per attached location map). The City of Rochester Hills Fire Department requested the signs be installed due to the clubhouse’s fire suppression system and fire connection being located on the north side of building and within close proximity to Everett Drive. Bill Cooke, from the Fire Department requested the parking prohibition to permit emergency fire access on Everett Drive and fronting the clubhouse.

Since the signs were private and not installed by the Department of Public Services under provisions of an adopted City Traffic Control Order, they were removed.

Action Requested

We concur with the City of Rochester Hills Fire Department’s recommendation to prohibit parking, stopping and standing on Everett Drive fronting the clubhouse, and request the Traffic and Safety Board’s support for having TCO No. PK-91.1 issued, and that the Board recommends the City Council to approve the TCO until rescinded or superseded.

Marc Matich, City Traffic Technician
