Part of the SE ¼ of Section 22, City of Rochester Hills

Dear Ms. Kapelanski,

This office has received a set of plans for the Camden Crossing Site Condos Project to be developed in the Southeast ¼ of Section 22, City of Rochester Hills.

Our stormwater system review indicates that the proposed project has no direct involvement with any legally established County Drain under the jurisdiction of this office. Therefore, a storm drainage permit will not be required from this office.

The water system is operated and maintained by the City of Rochester Hills and plans must be submitted to the City of Rochester Hills for review.

The sanitary sewer is within the Clinton-Oakland Sewage Disposal System. Any proposed sewers of 8" or larger may require a permit through this office.

Please note that all applicable permits and approvals from federal, state or local authorities, public utilities and private property owners must be obtained.

Any related earth disruption must conform to applicable requirements of Part 91, Soil Erosion and Sedimentation Control of the Natural Resource and Environmental Protection Act, Act 451 of the Public Acts of 1994. **Applications should be submitted to our office for the required soil erosion permit.**

If there are any questions regarding this matter, please contact Dan Butkus at 248-858-2089.

Sincerely,

Glenn R. Appel., P.E.
Chief Engineer
