Green Spaces
Advisory Board Candidate

Rochester Hills City Council,

I would like to be considered for a position on the Green Spaces Advisory Board. My interest in the natural beauty of the City is the motivating factor for applying for this Advisory Board. I also feel I would be an asset to developing policy for this new program for the board's approval. As a nine year resident, I'm seen in the community as a straightforward, hard working, independent, and honest individual upholding "common good" philosophy of our constitution.

As a candidate in the city council primary race I saw first hand how the creation of this Advisory Board concept ensured the passage of this proposal. I feel it is essential to build this board with diverse backgrounds and individuals from each of the four districts of our city. I feel this is a good opportunity to build trust with the voters by the people you place on this board.

My main experience and training is in Social Work, communications and advocacy issues. I have developed and implemented many types of programs within the communities where I have lived. Organizational health and communications are two of my areas of special interests. I enjoy networking on a personal and professional basis. I also look forward to legislative involvement and strategies that influence public policies.

I have a strong background with seeking funding and applying for grants on every level of government. I have an 83% success rate receiving funding for grant applications. I believe in positive persistence and long term planning to achieve stated goals.

Being a goal minded, organized and detail oriented individual I am seeking a position on the Green Space Advisory Board. My lifelong experiences have given me insight that will serve me well as a member of the Advisory Board. I would like to have the opportunity to use my skills as a consensus builder to demonstrate to the taxpayers their money is being used wisely, efficiently and effectively. Green Spaces could make the City of Rochester Hills even more desirable community in which to live and raise a family.

Thank you for your time and consideration.

Sincerely,

Lorraine McGoldrick

To whom it may concern:

I began working with Lorraine McGoldrick in 1991 at CARE, a substance abuse prevention agency. During those years Lorraine and I, outside of our day-to-day work responsibilities, had examined the needs of the community we serviced and created a comprehensive plan to address the gaps in service and enhance the resources that currently existed. As we gathered and assimilated the data, I recognized several outstanding attributes in Lorraine's work ethic.

Lorraine is very organized and methodical in planning the direction of efforts to acquire her ultimate goal. Not only does she keep everyone's eye on the ball so to speak, but also notices and attends to details that solidify a project. She is adaptable and accepts team input for decision-making. Lorraine is intelligent and dependable. She follows through on all elements that she takes responsibility for, leaving no task incomplete or lacking.

After I left CARE, we continued to stay in contact. During that time, she would willingly offer professional counsel for the projects that I undertook at another agency. About 7 months ago, I mentioned to her that I had an opportunity to write a half-million dollar federal grant. Lorraine volunteered to help us, which gave me a chance to work with Lorraine again.

Joining a team of five others, Lorraine's thoughtful expression and ability to bring consensus to the team was impressive. She demonstrated outstanding skills in group dynamics, always shared her knowledge with others, as was willing to learn herself.

It was a pleasure to once again work with Lorraine and would recommend her as an asset to any organization she serves.

Sincerely,
