THIS CONTRACT is made and entered into this date of \_\_\_\_\_, by and between the MICHIGAN DEPARTMENT OF TRANSPORTATION, hereinafter referred to as the "DEPARTMENT"; and the CITY OF ROCHESTER HILLS, a Michigan municipal corporation, hereinafter referred to as the "CITY"; for the purpose of fixing the rights and obligations of the parties in agreeing to construction improvements located within the corporate limits of the CITY.

WITNESSETH:

WHEREAS, the parties hereto anticipate that payments by them and contributions by agencies of the Federal Government or other sources will be sufficient to pay the cost of construction or reconstruction of that which is hereinafter referred to as the "PROJECT" and which is located and described as follows:

Construction of a noise abatement walls along the ramp connecting Northbound Rochester Road to Eastbound Highway M-59 and along the ramp connecting Dequindre Road to Westbound Highway M-59; together with necessary related work, located within the corporate limits of the CITY; and

WHEREAS, the DEPARTMENT presently estimates the PROJECT COST as hereinafter defined in Section 1 to be: \$3,941,500; and

WHEREAS, the parties hereto have reached an understanding with each other regarding the performance of the PROJECT work and desire to set forth this understanding in the form of a written agreement.

NOW, THEREFORE, in consideration of the premises and of the mutual undertakings of the parties and in conformity with applicable law, it is agreed:

1. The CITY hereby consents to the designation of the PROJECT as a state trunkline highway. The parties shall undertake and complete the construction of the PROJECT as a state trunkline highway in accordance with this contract. The term "PROJECT COST", as herein used, is hereby defined as the cost of construction or reconstruction of the PROJECT including physical construction necessary for the completion of the PROJECT as determined by the DEPARTMENT; and construction engineering (CE), and any and all other expenses in connection with any of the above.

Preliminary engineering work was performed under Job No. 55850 and paid through a separate agreement.

2. The cost of alteration, reconstruction and relocation, including plans thereof, of certain publicly owned facilities and utilities which may be required for the construction of the PROJECT, shall be included in the PROJECT COST; provided, however, that any part of such cost determined by the DEPARTMENT, prior to the commencement of the work, to constitute a betterment to such facility or utility, shall be borne wholly by the owner thereof.

3. The CITY shall make available to the PROJECT, at no cost, all lands required thereof, now owned by it or under its control for purpose of completing said PROJECT. The CITY shall approve all plans and specifications to be used on that portion of this PROJECT that are within the right of way which is owned or controlled by the CITY. That portion of the PROJECT which lies within the right of way under the control or ownership by the CITY shall become part of the CITY facility upon completion and acceptance of the PROJECT and shall be maintained by the CITY in accordance with standard practice at no cost to the DEPARTMENT. The DEPARTMENT assumes no jurisdiction of CITY right of way before, during or after completion and acceptance of the PROJECT.

4. The parties will continue to make available, without cost, their sewer and drainage structures and facilities for the drainage of the PROJECT.

5. The PROJECT COST shall be met in part by contributions from agencies of the Federal Government. The balance of the PROJECT COST shall be charged to and paid by the DEPARTMENT and the CITY in the following proportions and in the manner and at the times hereinafter set forth:

DEPARTMENT -	87.5%
CITY -	12.5%

The PROJECT COST and the respective shares of the parties, after Federal-aid, is estimated to be as follows:

TOTAL ESTIMATED COST	FEDERAL AID	BALANCE AFTER FEDERAL AID	DEPT'S SHARE	CITY'S SHARE
\$3,941,500	\$3,226,100	\$715,400	\$625,900	\$89,500

CE costs will be apportioned in the same ratio as the actual direct construction costs.

6. The DEPARTMENT shall maintain and keep accurate records and accounts relative to the cost of the PROJECT. The DEPARTMENT may submit progress billings to the CITY on a biweekly basis for the CITY'S share of the cost of work performed to date, less all payments previously made by the CITY. No biweekly billings of a lesser amount than \$1,000 shall be made unless it is a final or end of fiscal year billing. All billings will be labeled either

"Progress Bill Number \_\_\_\_\_", or "Final Billing". Upon completion of the PROJECT, payment of all items of PROJECT COST and receipt of all Federal Aid, the DEPARTMENT shall make a final billing and accounting to the CITY.

7. In order to fulfill the obligations assumed by the CITY under the provisions of this contract, the CITY shall make prompt payments of its share of the PROJECT COST upon receipt of progress billings from the DEPARTMENT as herein provided. The CITY shall be billed for their share of the preliminary engineering costs upon award of the PROJECT. All payments will be made within 30 days of receipt of billings from the DEPARTMENT. Billings to the CITY will be based upon the CITY'S share of the actual costs incurred less Federal Aid earned as the work on the PROJECT progresses.

8. For the portion of the PROJECT within or abutting the corporate limits of the CITY, upon completion of construction, the DEPARTMENT and the CITY will jointly review and approve the construction of the PROJECT as being constructed in accordance with the approved plans and specifications prior to final acceptance from the DEPARTMENT'S contractor.

Upon approval of construction as described above, the CITY, at no cost to the DEPARTMENT, shall be responsible to perform the routine maintenance of the backside (non-trunkline) portion of the noise abatement wall in accordance with CITY procedures until the end of its useful life. Routine maintenance between the limited access right-of-way and the noise abatement wall may include mowing of grassy areas abutting the noise abatement walls, cleaning, drainage, and graffiti removal.

The DEPARTMENT, upon approval of construction and no cost to the CITY, shall maintain or cause to be maintained the structural integrity of the noise abatement wall. This is not a guarantee to provide any level of aesthetic value or effectiveness of sound attenuation. In addition, the DEPARTMENT shall routinely maintain the trunkline side of the noise abatement wall as required.

9. Pursuant to the authority granted by law, the CITY hereby irrevocably pledges a sufficient amount of funds received by it from the Michigan Transportation Fund to meet its required payments as specified herein.

10. If the CITY shall fail to make any of its required payments when due, as specified herein, the DEPARTMENT shall immediately notify the CITY and the State Treasurer of the State of Michigan or such other state officer or agency having charge and control over disbursement of the Michigan Transportation Fund, pursuant to law, of the fact of such default and the amount thereof, and, if such default is not cured by payment within ten (10) days, said State Treasurer or other state officer or agency is then authorized and directed to withhold from the first of such moneys thereafter allocated by law to the CITY from the Michigan transportation Fund sufficient moneys to remove the default, and to credit the CITY with payment thereof, and to notify the CITY in writing of such fact.

11. The DEPARTMENT shall secure from the Federal Government approval of plans, specifications, and such cost estimates as may be required for the completion of the PROJECT; and shall take all necessary steps to qualify for Federal Aid such costs of acquisition of rights of way, construction, and reconstruction, including cost of surveys, design, construction engineering, and inspection for the PROJECT as deemed appropriate. The DEPARTMENT may elect not to apply for Federal Aid for portions of the PROJECT COST.

12. This contract is not intended to increase or decrease either party's liability, or immunity from, tort claims.

13. All of the PROJECT work shall be done by the DEPARTMENT.

14. In connection with the performance of the PROJECT work under this contract the parties hereto (hereinafter in Appendix "A" referred to as the "contractor") agree to comply with the State of Michigan provisions for "Prohibition of Discrimination in State Contracts", as set forth in Appendix A, attached hereto and made a part hereof. The parties further covenant that they will comply with the Civil Rights Acts of 1964, being P.L. 88-352, 78 Stat. 241, as amended, being Title 42 U.S.C. Sections 1971, 1975a-1975d, and 2000a-2000h-6 and the Regulations of the United States Department of Transportation (49 C.F.R. Part 21) issued pursuant to said Act, including Appendix "B", attached hereto and made a part hereof, and will require similar covenants on the part of any contractor or subcontractor employed in the performance of this contract. The parties will carry out the applicable requirements of the DEPARTMENT'S Disadvantaged Business Enterprise (DBE) program and 49 CFR, Part 26, including, but not limited to, those requirements set forth in Appendix C.

15. This contract shall become binding on the parties hereto and of full force and effect upon the signing thereof by the duly authorized officials for the CITY and for the DEPARTMENT; upon the adoption of a resolution approving said contract and authorizing the signatures thereto of the respective officials of the CITY, a certified copy of which resolution shall be attached to this contract; and with approval by the State Administrative Board.

IN WITNESS WHEREOF, the parties hereto have caused this contract to be executed the day and year first above written.

Further, in accordance with Act No. 220, Public Acts of 1976 as amended by Act No. 478, Public Acts of 1980 the contractor hereby agrees not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of a disability that is unrelated to the individual's ability to perform the duties of a particular job or position. A breach of the above covenants shall be regarded as a material breach of this contract.
2. The contractor hereby agrees that any and all subcontracts to this contract, whereby a portion of the work set forth in this contract is to be performed, shall contain a covenant the same as hereinabove set forth in Section 1 of this Appendix.
3. The contractor will take affirmative action to insure that applicants for employment and employees are treated without regard to their race, color, religion, national origin, age, sex, height, weight, marital status or a disability that is unrelated to the individual's ability to perform the duties of a particular job or position. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.
4. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, national origin, age, sex, height, weight, marital status or disability that is unrelated to the individual's ability to perform the duties of a particular job or position.
5. The contractor or his collective bargaining representative will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice advising the said labor union or workers' representative of the contractor's commitments under this appendix.
6. The contractor will comply with all relevant published rules, regulations, directives, and orders of the Michigan Civil Rights Commission which may be in effect prior to the taking of bids for any individual state project.
7. The contractor will furnish and file compliance reports within such time and upon such forms as provided by the Michigan Civil Rights Commission, said forms may also elicit information as to the practices, policies, program, and employment statistics of each subcontractor as well as the contractor himself, and said contractor will permit access to his books, records, and accounts by the Michigan Civil Rights Commission and/or its agent, for purposes of investigation to ascertain compliance with this contract and relevant with rules, regulations, and orders of the Michigan Civil Rights Commission.
8. In the event that the Civil Rights Commission finds, after a hearing held pursuant to its rules, that a contractor has not complied with the contractual obligations under this agreement, the Civil Rights Commission may, as part of its order based upon such findings, certify said findings to the Administrative Board of the State of Michigan, which Administrative Board may order the cancellation of the contract found to have been violated and/or declare the contractor ineligible for future contracts with the state and its political and civil subdivisions, departments, and officers, and including the governing boards of institutions of higher education, until the contractor complies with said order of the Civil Rights Commission. Notice of said declaration of future ineligibility may be given to any or all of the persons with whom the contractor is declared ineligible to contract as a contracting party in future contracts. In any case before the Civil Rights Commission in which cancellation of an existing contract is a possibility, the contracting agency shall be notified of such possible remedy and shall be given the option by the Civil Rights Commission to participate in such proceedings.
