Legislative File No: 2021-0021 V3

TO: Mayor and City Council Members

FROM: Allan E. Schneck, P.E., Department of Public Services Director, ext. 2497
Sara Roediger, AICP, Planning and Economic Development Director, ext. 2573

DATE: February 22, 2021

SUBJECT: Request for Endorsement of the 2021 Transportation Master Plan

REQUEST:

That City Council endorses the 2021 Transportation Master Plan as discussed at the February 1, 2021 Joint Planning Commission and City Council meeting and as recommended for endorsement at the February 16, 2021 Planning Commission meeting.

BACKGROUND:

Led by the DPS Department and the consultant team of OHM and MKSK, the Transportation Master Plan lays out the vision for transportation improvements over the next 10 to 15 years. As you may recall, we kicked off this effort during the January 28, 2020 joint meeting and the team has been hard at work ever since. The draft Final Plan was presented at the February 1, 2021 second joint meeting and a productive discussion ensued. Please see the attached minutes from that meeting. During the joint meeting, interactive polls were taken asking questions about e-bikes and scooters on pathways, looking into transit options and supporting an electric charging station installation at the City Hall property. Subsequent to receiving input from City Council and the Planning Commission, the Plan was posted on the City's website for public comment prior to going before both bodies again for endorsement of the Plan. A summary of changes made since the joint meeting and the final version of the Transportation Master Plan is also attached.

SUMMARY:

The Planning Commission reviewed the Plan at its February 16, 2021 Regular Meeting and unanimously voted to recommend endorsement to City Council.

RECOMMENDATION:

Staff and the Planning Commission recommend that City Council endorses the 2021 Transportation Master Plan.
