INTERESTS/REASONS/QUALIFICATIONS

I have been on the RARA board for 6 years now and have been its vice chairman for at least 3. When I started we were at that small building on second street. I have seen and participated in the growth of RARA. I am very proud of this fact because I have 2 little girls who are beginning to and will continue to benefit from the hard work that not only I put in but the rest of the board along with the executive director and his staff. I would love nothing more then to continue to be on this board not only for my girls sake but for all the citizens of our great city.
