Detailed work plan:		A&R will complete the work, 8:00 a.m.-5:00 p.m. Monday thru Friday before the first frost.			Will be able to crack fill up to 8,000 feet per day depending on the amount of mobilization from site to site. They work on weekends to be able to do City Hall with interruption. Stripin would be scheduled at all portions of day to accommodate business sites. Most weekends as well. Projected to complete within 2-3 weeks upon starting.			Multiple-phase construction, traffic control/maintenance/barricading, Multiple years experience, Be able to get in and work efficiently without interrupting the flow of business or bother the tenants of these properties. Maintain communication with City reps and property owners.			Can start 4/22/21			Provide and install crack fill at all applicable locations. Then install parking lot striping at all applicable locations. Available at any time the areas are available to complete the project.			After award within two weeks weather permitting. Power clean cracks, heat lance cracks with high pressure flame, hot rubber crack fill.			Work in coordination with the City, would propose to get as many parking lots done quickly. Would be able to start the project as soon as the weather is suitable.
