**Legislative File No:** 2011-0109

**TO:** Mayor and City Council Members

**FROM:** Paul M. Davis, P.E., Acting DPS Director

**DATE:** March 21, 2011

**SUBJECT:** Adoption of a Street Resolution- Technology Drive (Road Extension) Section # 30.

**REQUEST:**

Adoption of a street resolution to update the newly constructed portion of Technology Drive within the City Major Street System for the purpose of obtaining funds under Act 51, P.A. 1951, as amended.

**BACKGROUND:**

The State of Michigan requires that a street resolution be adopted from the local governing body to place a public street into the City Major Street System for the purpose of obtaining funds under Act 51, P.A. 1951 (as amended). In 1999, the State initiated that all public streets, including those within platted subdivisions, must have an adopted street resolution by the jurisdictional road agency.

Technology Drive was extended north to Adams Road in 2010 and the certified road length increase needs to be reflected with the official Mileage Certification Report.

**RECOMMENDATION:**

The Department of Public Services recommends that City Council approve increasing the certified length of Technology Drive within the City Major Street System by 215.22 feet for the purpose of obtaining funds under Act 51, P.A. 1951, as amended.
