Subject: LDFA appointment

Date: Fri, 25 Feb 2011 18:41:29 +0000

Dear Mayor Barnett,

I recently received notice that my term on the LDFA expires on March 31, 2011. I have decided to not seek re-appointment to this committee. I have served on the LDFA for many years and watched many positive and exciting things happen in the area, from the start of the SMART ZONE and the incubator with Oakland University, to the building of the new M59 entrance/exits ramps to Adams and the recent completion of Technology Drive through to Adams. All these activities have helped to promote business growth in Rochester Hills and I am proud to have been a part of them.

I feel it is time to let a new voice come to the LDFA. It is important to cultivate new and future leaders for the city. The LDFA is one opportunity for you to appoint someone new and bring a new voice, a new face and new leadership to this committee and the city.

Thank you for letting me serve the city for so many years on this committee. There are still many challenges and opportunities ahead and I know you will find someone deserving to be appointed to the LDFA.

Sincerely,

Theresa Mungioli
