

BALLOT PROPOSAL

**PROPOSAL TO REVISE PERMISSIBLE  
USES OF GREEN SPACE MILLAGE**

At the September 13, 2005 Primary Election, City of Rochester Hills voters approved a Proposal to provide funding to permanently preserve green spaces and natural features within the City “by funding the purchase of land and interests in land, and enabling the City to seek matching grant funds by levying a new millage of up to 0.3 mills.” It is proposed to revise the permissible use of tax revenues derived from this millage to authorize it to be used to fund the protection, care and maintenance of, and **to improve pedestrian accessibility** to and within, green spaces and natural features owned, acquired or controlled by the City, in addition to funding the purchase of land and interests in land.

Therefore, shall the permissible use of tax revenues derived from the green space millage be revised to authorize it to be used to fund the protection, care and maintenance of, and to **improve pedestrian accessibility** to and within, green spaces and natural features owned, acquired or controlled by the City, in addition to funding the purchase of land and interests in land? If approved, this proposal will not authorize any new or additional tax or renewal of any current tax.
