Legislative File No: 2026-0125

TO: Mayor and City Council Members

FROM: Tracey Balint, P.E., Interim Director, Department of Public Services

DATE: March 23, 2026

SUBJECT: Pavement Marking Program - Legends and Striping

REQUEST:

City Council is requested to authorize a blanket purchase order/contract for the City's pavement legends and striping program to P.K. Contracting of Troy, MI, in the amount of \$564,450.00 for a two-year contract term, and further authorizes the Procurement Manager to execute a contract on behalf of the City.

REASON FOR PURCHASE:

In 2023 the Purchasing Division solicited competitively sealed proposals for the City's pavement legends and striping program and determined the single bid received from P.K. Contracting was a best value to the City. P.K. Contracting's pricing was both fair and reasonable and in line with the pricing received by others on similar projects. The agreement was approved by City Council at their July 24, 2023 meeting, Legislative File No. 2023-0213. It was a three-year term with a percentage increase of 4% provided for each year which allowed the City to expedite the pavement and legend program in a timely manner each year to ensure the safety of community. Having the multiple year agreement allowed the ability to start the program each year as needed based on availability of the contractor and with the goal of completing the project earlier in the season than previous years. Each year the quantities and job locations are decided based on available budget and condition of the markings based on an evaluation and condition ranking completed by City staff.

The City wishes to exercise the remaining two-year renewal and P.K. Contracting agreed to hold contracted pricing. P.K. Contracting has performed the services in a professional and satisfactory manner in the past.

The Pavement Markings Program are essential to the City of Rochester Hills due to it enhancing the safety of road users and pedestrians. These functional road special markings assist in reducing crashes, and mitigating injuries, and minimizing associated liabilities that can be attributed to the City.

PROCESS:

Vendor Name and Address:

P.K. Contracting
