Addendum to Candidate Questionnaire

Interests/Reasons/Qualifications:

Generally speaking:

I was born in Crittenton Hospital, graduated from Rochester High School, and have been a lifelong resident of Rochester Hills (formerly Avon Township) except for about ten years when I moved away for college and law school.

I love our community and want to serve in a way that is meaningful not only to the community but to me personally. Based on the opportunities available at this time and as to each Commission/Committee/Foundation I have expressed interest in:

Elections: I have multiple years of experience in establishing election procedures and conducting elections to insure transparency and accuracy. I believe in following the law and evaluating rules and procedures to make sure they comply with those laws, are efficient, and make sense for all voters. I would be an asset to the Commission and would welcome the opportunity to serve if I am not selected for my first or second choices.

Historic Districts Commission and/or Historic Districts Study Committee (first and second choices, respectively): My interest in local history, lifelong residency and corresponding first-hand knowledge of the evolution of our community, and experience in research and documentation as well as analyzing and evaluating situations from 10,000 feet would serve the Commission and/or the Committee and our community well.

Rochester Hills Museum Foundation: This would also be a welcome opportunity to serve for the same reasons of my interest in the Historic opportunities and is only my last choice due to the 7:30 am meeting times as set forth on the City's website, as being able to attend and participate in those meetings may be difficult due to my professional obligations.

I am pragmatic, practical, and collaborative in my approach to issues and work best with groups who share a common goal and are open-minded to different (i.e. not necessarily typical) solutions and/or problem solving.
