VARIANCE – REQUIRED LOT WIDTH

SECTION 138-2.407 - Dimensional Variance

1. Compliance with the strict letter of the restrictions governing area, setback, frontage, height, bulk, lot coverage, density or other dimensional or construction standards will unreasonably prevent the owner from using the property for a permitted purpose or will render conformity with such restrictions unnecessarily burdensome.
2. A grant of the variance will do substantial justice to the applicant as well as to other property owners in the district, and a lesser variance will not give substantial relief to the applicant as well as be more consistent with justice to other property owners in the zoning district.
3. The plight of the applicant is due to the unique circumstances of the property.
4. The problem is not self-created.
5. The spirit of this ordinance will be observed, public safety and welfare secured, and substantial justice done.
