Re: Regular Historic District Commission Meeting

The Historic District Commission will be considering an application for a Certificate of Appropriateness for modifications to the residence located at 1431 Washington. Due to a conflict with a family obligation, I will not be in attendance at the meeting. Jennifer from the Planning Office and Kristine will be in attendance to answer questions and help guide discussion relative to the request.

We anticipate a submittal from Yates Cider mill in the very near future for a new storage building that will require action from the Historic District Commission. At that time, hopefully early in the new year, we can discuss goals and objectives for the Historic District Commission.

I apologize for my absence, but look forward to seeing the Commission early in 2025.

Happy New Year
Chris
