SUBJECT: Proposed Resolution to establish a Technical Review Committee to review City Council Rules of Procedure and City Council Policies

At the February 9, 2026 Regular Council Meeting, I requested that Council establish a Technical Review Committee to evaluate, review and make recommendations for any amendments, additions, or deletions to the City Council Rules of Procedure and Council Policies.

To maintain a high standard of governance, it is essential that Council establishes a formal process to periodically conduct a review of these important documents that govern this body. I have included a proposed resolution for Council's consideration that defines the Committee's purpose, membership and reporting structure.
