

H. Rochester High School Athletic Booster Club, is a non-profit organization comprised of parents, coaches, and other civic minded adults co-operating with the Administration and Athletic Director of Rochester High School in Rochester Hills Michigan, to give moral and financial support to all Rochester High School athletic programs. The Club will assist in identifying long and short term needs for the athletic programs and assist in implementing fund raising for these needs.

The main revenue source for our club is our Falcon Concessions Stand, both indoor and outdoor, that supports many different events at Rochester High School. We also hold an Annual Golf Outing called the Falcon Scramble, which also generates revenue for the club. Other revenues include membership income, sponsorship income from outdoor and indoor advertisements and sign revenue for the sale of outdoor signs.

We use these funds to provide financial support for our athletic programs including grants, team achievement awards, and scholarships for graduating seniors. We have contributed approximately \$200,000 to support the Rochester High School Athletic Program since 2023.

I. The Rochester High School Athletic Booster Club wants to hold a 50/50 raffle and a grand prize raffle during our Annual Golf Outing (typically held in August). All funds raised by fundraising goes towards the Rochester High School Athletic Booster Club funding support of athletic programs at Rochester High School.

Note: No BOD members are compensated as part of their participation in our non-profit organization.
